REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustee and Participants of
Microsoft Puerto Rico, Inc. 1165(e) Savings Plan:

We have audited the accompanying statements of net assets available for benefits of Microsoft Puerto Rico, Inc. 1165(e) Savings Plan (the "Plan") as of December 31, 2004 and 2003 and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2004 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

MICROSOFT PUERTO RICO, INC. 1165(e) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2004

NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the Microsoft Puerto Rico, Inc. 1165(e) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution retirement plan covering substantially all employees of Microsoft Puerto Rico, Inc. (the "Sponsor"). The Plan was established effective January 1, 1991. An employee may become a participant in the Plan after completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Retirement Date - Participants are eligible to receive a retirement distribution upon attainment of age 65. The Plan permits early retirement at age 50 if the employee has at least 10 years of participation in the Plan.

Contributions - Each year, participants may contribute up to 10% of their pre-tax compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. The Plan Sponsor contributes 50% of the first 6% of the base compensation that a participant contributes to the Plan.

Participant's Accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's contribution and, (b) Plan earnings. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting - Contributions become vested as follows:

- **Participant Contributions** - Participant's contributions and accumulated earnings vest immediately.
- **Sponsor Matching Contribution** - Participants become 100% vested after two years of service, upon attainment of age 65, or death or disability while employed by the Sponsor.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination - Although the Sponsor has not expressed any intention to terminate the Plan, it has the right to do so. Termination would result in distribution of Plan assets in accordance with ERISA.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payments of Benefits—Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid were not significant at December 31, 2004 and 2003.

NOTE 4: TAX STATUS

Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5: RELATED-PARTY TRANSACTIONS

Certain general and administrative expenses are paid by the Plan's Sponsor on behalf of the Plan.
